

CITRUS TOUGH

Citrus Tough is formulated for exterior cleaning of vinyl, aluminum and wood siding. **Citrus Tough** is very effective in cold or hot water, high pressure washing of mobile homes, RV's, trucks, trailers, buildings, etc. It is also an excellent pre-spray for use on extremely difficult cleaning jobs and will clean engines, vinyl, white wall tires, stainless steel, floors, walls and counter tops. The corrosives inhibitors and water softeners in this product help prevent rusting of ferrous metals and scale build-up in heating coils.

DIRECTIONS FOR USE: **Citrus Tough** is a concentrate, and in most applications should be diluted prior to use. Best dilutions range from 1 to 5 parts cleaner to 50 parts water. However, when used as a pre-spray, it may be used full strength depending on severity of soil. When used through pressure washing equipment, drop detergent feed line into the concentrated cleaner, set metering valve to desired setting, and soak entire surface from bottom up. Detail clean from bottom up and rinse from the top down. **DO NOT USE ON ANODIZED OR POLISHED ALUMINUM. DO NOT USE ON PAINTED SURFACES AT CONCENTRATIONS OF LESS THAN 1:40. DO NOT ALLOW TO DRY ON SURFACES. ALWAYS RINSE THOROUGHLY.**

TECHNICAL INFORMATION

Color: Orange

Appearance: Clear Liquid

Odor: Citrus

pH: 12.5 - 13.5
